As enrollment for Winter 2020 approaches, here is everything you need to know about the two-pass system UCLA uses for enrollment.

Undergraduate Student Enrollment
A two-pass enrollment system is used for all of UCLA's undergraduate students to ensure that everyone has an equal opportunity to enroll in pre-major, major, and GE courses needed to graduate. To enroll in the next term, eligible undergraduates are given two randomly assigned appointments which fall within pass periods that are prioritized as follows: 1. Students in priority groups, 2. Seniors with 160 completed units who have declared candidacy to graduate within the next two terms, 3. Seniors with 160 or more units who have not declared candidacy, 4. New and re-entering students eligible for advance payment and/or enrollment, 5. Seniors with fewer than 160 units (135-159.9 units), 6. Juniors with fewer than 135 units (90-134.9 units), 7. Sophomores with fewer than 90 units (45-89.9 units), 8. Freshmen with fewer than 45 units (0-44.9 units).

When determining class level, a student's current term units are included and enrollment appointment times are assigned based off that projected classification. Please note that AP and IB units are not included in your projected classification.

First Pass
During your first pass, you may enroll in up to 10 units. This gives all undergraduates an opportunity to obtain at least two courses needed towards graduation. Students who do not enroll during their first pass must wait until their second pass in order to enroll.

Second Pass
During your second pass, you may add courses up to the maximum number of units allowed by your College or school. For the College of Letters and Science, the unit maximum is 19 units. Students can enroll from the beginning of their assigned enrollment appointment time through midnight on Friday of the second week of classes, when waitlists are eliminated and Study Lists of enrolled courses become official. Students should be enrolled in courses with unit credit to avoid paying the late Study List filing fee and obtaining instructor signatures and College/school approval on enrollment petitions.

How and Where to Enroll
Log onto your MyUCLA account and click on the “Classes” tab found in the top header. Under the “Enrollment” section, click “Enrollment Home.” From here, you can find, add, drop, and exchange classes and sections in addition to a variety of other enrollment functions. On this page, you may additionally find links to guides that will help you understand each enrollment operation. You can find your enrollment appointment for first and second pass on MyUCLA > Classes > Enrollment Appointments.

CONDUITS
Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

Are midterms stressing you out? Are you having trouble sleeping or managing emotions? Do you want to develop skills to help you succeed emotionally or academically? UCLA's Counseling and Psychological Services (CAPS) focuses on promoting inclusion and the affirmation of individual and cultural diversity. CAPS' services foster the development of healthy behaviors necessary for success in a complex global environment. Group therapy focuses on wellness in a group setting. There are three types of group therapy offered: coping through the quarter; wellness skills; and therapy groups. In order to enroll, a CAPS clinician must refer you, or you can complete a Brief Screen process with a CAPS clinician. CAPS group therapy offers an excellent opportunity to discuss sensitive issues with your peers or learn how to balance wellness with academics. Be sure to check the CAPS website for the group therapy sessions that are offered each quarter.
