Are you interested in studying abroad? We got you covered because this week we will provide tips about UCEAP!

What is UCEAP?
The University of California Education Abroad Program (UCEAP) is the official, system wide study abroad program for all institutions in the UC system. UCEAP is partnered with 115 universities worldwide and offers programs in 42 countries. These UC-approved programs combine immersive learning with engaging activities. UCEAP students enroll in courses abroad while earning UC units and maintaining UCLA student status. Many programs offer internship, research, and volunteer opportunities. Financial aid and scholarships are available for qualifying students.

Who is Eligible for UCEAP?
To participate in UCEAP, you must be an undergraduate or graduate student at UCLA. Program options are available for students starting the summer after their freshman year. Most EAP deadlines are 6-9 months before departure. Students are encouraged to meet with a UCEAP counselor early in their college career to plan and prepare for a summer, quarter, semester, or year abroad.

Do I need to know a foreign language?
Many UCEAP countries have options that do not require prior knowledge of a foreign language and offer a plethora of courses taught in English. However, some programs only offer coursework in the language of the host country. Students interested in studying a foreign language abroad should note that UCEAP also offers many Language and Culture programs with minimal language prerequisites. Students should meet with a UCEAP counselor in 1332 Murphy Hall for more specifics about different program requirements and application guidelines.

Can I apply if I am a transfer student?
Of course! Although transfer students might have tighter schedules and more to consider when planning on studying abroad, transfer students are encouraged to explore all study abroad options and plan carefully in consultation with a UCEAP counselor.

Where can I get more information?
Visit http://uc.eap.ucop.edu to access information about various programs, deadlines, and applications. In addition, do not hesitate to make an appointment with a UCEAP counselor or visit https://ieo.ucla.edu/ for more information.
