UCLA Repeat Policy

Are you thinking about repeating a course? Are you unsure about UCLA’s repeat policy? Then look no further because we will cover the details of UCLA’s repeat policy in this edition of The Connection!

When can I repeat a course?
Any course that is completed with a grade of C- or below or a No Pass (P/NP) can be repeated only once. If you originally took a class for a letter grade, you MUST take it for a letter grade the second time. However, if you took a class P/NP, you may repeat the class for a letter grade or P/NP. If you are within your 16 units of repeat credit, the second grade, regardless of whether it is better or worse, will be calculated into your cumulative and term GPA. There is no limit on the number of P/NP courses you may repeat.

Additional Restrictions
1. You may repeat the same course only once. 
2. You may receive units for a repeated course only once.
3. You will not receive credit for a course repeated after you have completed a more advanced course in the same sequence with a grade of D- or better (e.g. Math, Chemistry, or foreign languages).
4. You may repeat up to 16 units of GRADED coursework.

How do I sign up to repeat a course?
Simply enroll in the course again through MyUCLA. The Registrar’s Office will automatically code the course as a repeat after the quarter ends.

How does a repeat look on my transcript?
Two notations will be listed on your transcript: “Repeated: Excluded from GPA” for the first attempt; “Repeat of Course Previously Taken” for the second attempt.

What happens after I use up my 16 repeat units?
If you have used the 16 units of repeat credit or do not have enough repeat credit left, you may still repeat a course in which you earned a C- or below. However, both grades will be averaged into your cumulative and term GPA for any subsequent repeat.

What happens if I repeat a course more than once?
Regardless of the grade you earn, a notation of “Unapproved Repeat” will appear on your transcript if you repeat the same course more than once or if you repeat a course in which you earned a C or better. You will not receive any units or grade points.

Can I repeat a course in which I earned a C or better?
No. As previously mentioned, you will receive a transcript notation of “Unapproved Repeat” and no units or grade points will be earned.

For any further questions about repeating courses, please contact your College Academic Counselor.
